MAY

- 11 Junior High School outdoor party
- 11-12 Senior trip to Catalina Island
- 16 Court of Honor—Girl Scout Troop 175
- 18 Elementary School picnic for “graduates”
- 18 Awards Night—Social Hall—7:00
- 20 Boy Scout Troop 18—day outing
- 27 Athletic Banquet
- 27 Junior-Senior Prom

JUNE

- 1 Senior Night—Social Hall—7:30
- 7 Commencement—8:00
- 9 School closes at noon for summer vacation
- 18 Students return to Summer School
- 19 Summer School classes begin

The California Palms Salutes

The Class of 1967

First Row: R. Gibbins, E. Campbell, M. Hale, J. Smith, Miss Smallwood,
H. Williams, N. Wilson, R. Gibbins
Second Row: J. Saghy, E. Reed, J. Smith, J. Baucom, K. DuQuin, J. Newell,
S. Russell, H. Cogswell, J. Reynolds
Third Row: G. Abenchuchan, G. Stingley, H. Baumert, G. Wilson, J. Len-
ham, D. Cisneros, T. Lester, S. Vermilya, S. Scolaro

Senior Biographies

Genaro Nunez Abenchuchan

Mexico City, Mexico January 16, 1947

I was born deaf. My family moved to San Diego in 1957. It was because my mother worried about her deaf children that we moved to the U.S. She felt that we would have a chance to go to a better school for the deaf. My mother decided on the move which enabled my three brothers and me to attend CSDR.

In 1958 my brother Isaac and I enrolled at CSDR. I was very late entering school; I was twelve years old but I never gave up studying. I really love this wonderful school because all the teachers I have had always tried to help me.

My aim is to go to Riverside City College, and then to Gallaudet College.

I would like to be an assistant architect to design houses.

Virgie Judith Baucom

Los Angeles, California June 21, 1948

When I was two years old, I had the German measles and became deaf.

I went to the Mary E. Bennett School from 1951 to 1955. Then I enrolled at the California School for the Deaf in Riverside.

I have a deaf brother who is at Gallaudet College.

My ambition is to go to college, too.

Hans Dieter Baumert

Marburg, Germany December 21, 1947

My family moved from Germany to Canada in 1951 and then in 1953 we moved to the United States. In Washington, D.C., I attended the Kendall School for the Deaf for one year. After moving to Riverside in 1954, I was transferred to CSDR, where I have received a fine education.

I became a naturalized citizen in 1959, something of which I am very proud.

My aim is to go to Gallaudet College where I will obtain a higher education, and I would like to major in science. I would like to become a science teacher.

Everett Eugene Campbell

Dayton, Ohio September 17, 1947

I am hard of hearing. The cause of my loss of hearing is unknown.

I lived in Ohio for about fourteen years and then for about two years in Kentucky. I surely liked Kentucky. I came to CSDR on April 6, 1964.

I hope to be a baker some day.

Daniel Cisneros

Arlington, California June 7, 1948

I was born deaf.

I have attended only one school, the School for the Deaf in Riverside, for 13 years. I have learned a great deal in both the academic and vocational departments.

I have an older deaf brother and a hearing brother. My deaf brother graduated from CSDR last year.

My aim is to go to Riverside City College.

Henry Ivan Cogswell

Los Angeles, California May 23, 1948

I was born deaf. Deafness is hereditary in the family on my mother's side. I went to the Mary E. Bennett School for one year.

When I was nine years old, my family moved from Los Angeles to Riverside. I came to the Riverside school in 1955.

My aim is to be a baker.

Eileen Karen DuQuin

Orange, California August 23, 1947

I became deaf from unknown causes when I was eighteen months old.

I enrolled at the Franklin School in Santa Ana in 1949 and was there for five years.

I enrolled in the California School for the Deaf in 1953.

My favorite sport is volleyball though I like all sports. I love to watch U.S.C. and U.C.L.A. football games.

I aim to go to work as a key punch operator and also be a housewife.

Marilouise Hale

Philadelphia, Pa. October 29, 1948

I was two years old when I became deaf from meningitis. I was three years old when I went to Friends of the Deaf Nursery School in Pennsylvania and next attended the Martin School, a public school. In 1958 I entered the Mt. Airy Pennsylvania School for the Deaf, a state school.

My family moved to California in January 1963, and I entered CSDR the following September. From January to September I did not go to school because CSDR was too crowded and there was no room for me.

My aim is to become a key punch operator and a typist.

Ralph Douglas Gibbins

Ada, Oklahoma September 23, 1947

I was born deaf. When I was five years old, I went to the Louisiana School for the deaf. My family came to California and I entered the California School for the Deaf in 1958. The family moved to Arizona, so I went to the Arizona School for the Deaf in 1960. I returned to Riverside and then went to the Kansas School for the Deaf in 1961. Finally in 1965 I returned to CSDR.

When I graduate, I would like to go to Gallaudet College if I pass the entrance exams.

Russell Dennis Gibbins

Ada, Oklahoma September 23, 1947

I was born deaf. I am an identical twin to Ralph.

I attended the Louisiana School for the Deaf for five years from 1953 to 1958. My family moved to California and I attended the School for the Deaf in Riverside from 1958 to 1960.

Then for awhile the family lived in Arizona and I went to the School for the Deaf for three months. Again we returned to Riverside for one year.

Next the family moved to Kansas and I was at the Kansas School for the Deaf from 1961 to 1965. The final move was again to California and I returned to CSDR.

My aim is to go to Gallaudet College.

Jeffrey Theiler Lenham

Los Angeles, California August 27, 1948

I have lived in California all of my life. I attended the John Tracy Clinic, Granada School, and Alhambra High School before I was transferred to this school in 1965.

My deafness was discovered when I was two years old, and the cause of it is unknown.

I have only one hearing sister, who is a senior in Glendora High School.

I am planning to go to Gallaudet College and would like a career having to do with mathematics.

William Timothy Lester

Los Angeles, California March 26, 1947

I was born deaf because my mother had German measles when she carried me. My family moved to Burbank in 1951.

I first went to school in Burbank at the Henry M. Mingay Elementary School. I enrolled at CSDR in 1953. I left CSDR in 1954 and returned to the same elementary school. In 1960 I decided to come back to CSDR.

I hope I can go to college.

Jarris Starr Newell

Moline, Illinois April 26, 1947

I was born deaf. Three months after my birth my parents moved to California. I am

an only child.

I attended three different public schools in the Cabrillo (Wiseburn School District) for one year; the Anderson School for six years; and the Will Rogers Junior High School for two years. I came to the California School for the Deaf in Riverside in 1962. I like it here the best of all.

My ambition is to go to college. I want to be a librarian or a commercial artist.

Edith Marie Reed

Avon Park, Florida January 22, 1948

When I was two years old, I had a virus infection which caused my deafness. In 1953 I enrolled at the Florida School for the Deaf and was there for six years.

My family then moved to Illinois in 1959 and I attended the Illinois School for the Deaf for two years.

Next in 1961 my family moved to Iowa and I attended the Iowa School for the Deaf for two years.

Finally my family moved to California, and I entered CSDR in 1963.

I enjoy all sports. My hobby is collecting pictures of cats.

I aim to go to work as a key punch operator. I will go to college if I pass the entrance exams.

Julia Sandra Russell

Kingsport, Tennessee December 5, 1948

I am the youngest of four children. All members of my family except a sister are deaf. I became deaf around three or four years of age from unknown causes.

For one year I went to a speech therapist; I was six years old then. I attended the following schools: first the Indiana School for the Deaf for only two months; then the Arkansas School for the Deaf for only five months; back to the Indiana School for the Deaf for one year; and last, the Kansas School for the Deaf for two years before entering CSDR in 1959.

After I graduate, I would like to go to Riverside City College, if I pass the exams.

John Michael Reynolds

Los Angeles, California January 10, 1947

I lost my hearing from a bad fever when I was two years old.

I attended the Mary E. Bennett School for two years and then I attended Hyde Park for four years. I enrolled at the California School for the Deaf in Riverside in 1959.

I have not decided yet what to do after graduation.

Janis Ann Saghy

National City, California March 20, 1947

My mother had virus pneumonia in her second month of pregnancy and perhaps that caused me to be born deaf.

I went to the Alice Birney Elementary School in San Diego when I was three years old. Then I went to Mark Twain Elementary School for five years and the John J. Montgomery Junior High School for two years. I enrolled at CSDR in 1962.

I would like to attend college.

John Darcy Smith

Artesia, California August 10, 1948

When I was several months old, I had a high fever and that caused my deafness. I have deaf parents and one deaf sister, Etta. She also attended CSDR and last June she graduated from Gallaudet College.

I attended Hyde Park School for a while and then the Mary E. Bennett School. Before I came here, I attended a hearing school for several weeks. It will be my tenth year here.

My hobbies are photography, art, taking movies, and collecting pennants.

My aim is to go to Gallaudet College. When I finish college, I hope to become an artist. I have not decided what kind of artist I would like to be.

Kathryn Janet Smith

Yorkon, Florida November 9, 1948

I was born at a naval base near Jacksonville, Florida. My family lived in a quonset hut on the base at Green Cove Spring, Florida, for one year. Then my family moved to Guantanamo Bay, Cuba, where we lived for two years. While we were there, my mother knew that there was something wrong with me because I couldn't talk. They took me to many doctors. Finally one fine doctor took the time to test my hearing and discovered that I could not hear. He helped my father to be transferred to Miami, Florida, so that I could go to the state school.

After two years we moved to California and I enrolled at CSDR in 1954.

I aim to go Gallaudet College.

Gary Wayne Stingley

Santa Ana, California May 2, 1948

I was born deaf. The first school I entered when I was three years old was a grammar school where I went from 1951 to 1955. I enrolled at CSDR in 1955.

After graduation I hope to attend Gallaudet College or Riverside City College to learn more about letterpress printing or offset printing.

Stephen Michael Scolaro

Los Angeles, California December 4, 1948

I was born deaf.

First I entered the Mary E. Bennett School where I was for six months. Then I entered CSDR in 1954.

My aim is to be a draftsman or a lithographer.

Some day I would like to settle down in Switzerland.

Francis Scott Vermilya

Harrisburg, Pennsylvania October 12, 1947

I was a premature baby weighing about

three pounds. I had to stay in an incubator in the hospital for two months. Perhaps that is why I am hard of hearing.

At the age of six I attended a public school in Elmira, New York, and two years later my family moved to California. I attended the Grant Public School for one year, and the principal of this school, Mr. Rush, told my father that I should go to CSDR.

In 1958 I enrolled at CSDR. At first I didn't like it at all because I had never seen the sign language before. Later I liked this school because I learned more here than when I went to the public schools. I didn't really understand what school was for until I came to this school.

Now I hope to go to Riverside City College.

Harry Raymond Williams

Columbus, Ohio October 18, 1948

I have been deaf since birth. In 1952 my family moved to California from Ohio. I attended Hyde Park School for one year. I entered the California School for the Deaf in Riverside in 1956.

After I graduate, I would like to go to college for a course in commercial art.

Gregory Lee Wilson

Lancaster, Wisconsin July 11, 1948

I was born deaf. I went to my first class for the deaf in the Washington School in Wausau, Wisconsin, when I was three years old. I was four years old when I attended the deaf department in the McDonough School in Eau Claire, Wisconsin. When I was eight years old, my family moved to Arlington, California. I attended the California School for the Deaf in Berkeley for one year. I enrolled at CSDR in 1957.

I aim to work as a draftsman and I hope to go to Riverside City College or Gallaudet College.

Now Hear This . . .

From time to time it is my intention to bring all of you parents up-to-date on some of the happenings around CSDR.

We have been most fortunate in recent months to receive many types of visual aids from the Federal Government. We now have overhead projectors in more than half of our classrooms with the proper types of screens and portable carts. The teachers have received special instructions in the use of these machines and as a result have increased their effectiveness in everyday instructional work. This school has also received two motion picture projectors, several console viewers, which use the 8mm continuous loop cartridge, and we are to receive several filmstrip and slide projectors for classroom use. All of this means that our school is being equipped with teaching aids which will help make learning easier for your children.

In conjunction with all of the equipment we have received, the government has provided us with a technician who devotes his time in teaching our teachers how to use these visual aids and also how to prepare materials to be used on them.

In another area which has something to do with visual aids we have acquired a complete closed circuit television unit. At present it is being used in our science department for the projection of slides and other prepared materials so that the whole class can work together at the same time. A secondary use of this television unit is for observation of class work and also self-evaluation on the part of the teaching staff. Many times a teacher will be concerned about his class misunderstanding a concept he is presenting. By having himself observed and video taped, he can many times devise new ways or improve old ways in the presentation of his work. We find this to be of extreme value to both teacher and class.

A new look has been added to our campus, both indoors and outdoors. The Senior Class has, as its gift to our school, had an emblem painted on our gym floor showing a cub head in scarlet on a grey background. This is located in the center circle of the basketball floor. In addition to this, the Senior Class has had a tree planted outside the assistant superintendent's office. The tree is a flowering locust.

And last, summer school is again going to be held this year. So all you parents of high school students get busy and talk to your children about the merits of coming to school rather than sitting home. We think it again is going to be a good program and want to encourage all of you to consider it.

James A. Hoxie
Assistant Superintendent
for Instruction

Summer School

Plans are well under way for CSDR's second summer school program. The general plan this year will be much like that of last year with emphasis on vocational work and one block of academic work. Again this year the program is designed to reinforce the regular school program and at the same time give the students an opportunity to enjoy leisure time pursuits during their summer vacation.

Certain innovations have been added in all three major areas—academic, vocational, and recreational. In the academic area new courses will be offered this summer to selected students. In math these will include: astronomy, statistics, topology, basic navigational skills, and geometric concepts as well as remedial work in traditional and modern math. In language skills there will be creative writing, essays, reports, summaries, and research papers.

The program for the college prep group will emphasize modern algebra and some areas of modern geometry. In language arts, creative writing and world literature will be the major areas covered.

The vocational program will include the same subjects as last year with the addition of an art course and a course in "special related shop training" which will be a special course dealing with shop language, shop math, and special skills and attitudes relating specifically to vocational training.

Several new programs and some of the more successful ideas of last year are planned to keep the students entertained during the

after school hours. For the girls there will be a charm course presented by the Power's Modeling Agency. Every Tuesday evening there will be a two hour demonstration of such topics as make-up, dress, poise, hair styling, and other activities related to charm and appearance.

There will also be the usual recreational activities such as swimming, movies, parties, and picnic. There will be a luau again this year and several surprise nights.

A road show of dorm skits is planned, each dorm presenting its skits to the other three dorms. The whole program indicates another pleasant and profitable summer school for our students.

Carolyn Stem Wins NAD Essay Award

MISS CAROLYN STEM, a student at CSDR and member of her school's Junior NAD chapter, recently received word that she was first place winner of a nation-wide essay contest sponsored by the Junior NAD.

In a letter from Judith Tingley, editor of the *Junior Deaf American*, Carolyn was informed that the three judges were especially impressed with her writing talents. Mr. Rex Lowman, professor of economics at Gallaudet College, said that Carolyn's essay was very well organized and straight to the point. Titled "What Is a Healthy Personality?" the winning work showed a careful integration of traits.

Another product of the Riverside school, Miss MICHELLE CRAIG was second place winner. Michelle is now studying at Gallaudet College. In 1965 she was first place winner, writing an essay on "What Is My Responsibility to My School?" A third judge, Mr. George Attletweed, teacher of the deaf in the San Jose public schools, liked the details Michelle included in her essay.

(Following is a copy of Carolyn's prize winning essay.)

What Is a Healthy Personality?

A personality is an assemblage of physical, mental, and moral qualities that sets one person apart from others. A healthy personality has the vital elements necessary to be "perfect."

There are seven elements and they are sense of trust, self-reliance, initiative, achievement, identity, intimacy and integrity.

The sense of trust is the ability to have faith, to feel secure and to trust people. One lets someone borrow his money or prized possession and he is sure he will get them back.

Self-reliance is being independent and having the ability to depend on one's acts and skills. This means one should be mature, be able to handle difficult situations, be patient, and respect others.

Initiative is the readiness and the ability to be the one to start a course of action or the one who has an active part in taking the first steps in any undertaking. This is a good leadership potential.

Achievement is success through one's own effort. It is setting one's goal, personal or otherwise, and working hard to achieve it.

Identity is the state of sameness. Everyone has rights. One keeps his own rights and yet respects the rights of other people.

Intimacy is the ability of having close friendship and fellowship. One shares interests with his friends.

Integrity is uprightness, soundness of character, moral wholeness, honesty, and purity. One is able to be wholesome and candid with all acquaintances.

With all these elements in one's self, one should be successful in whatever he does, that is, in school, in college, at a job, and in life.

Parents and Friends Invited

Lower School News

Community Helpers

Policemen	Bus Drivers
Firemen	Grocers
Doctors	Dentists
Postmen	Nurses

Policemen are our friends. They watch the traffic. They help us across the street. They are brave men.

John Finley

Firemen put out fires. They work very fast. They use ladders and ropes. They get people out of buildings.

Larry Adams

Doctors help us keep well. They help sick people.

David Smith

Postmen bring us letters and packages. We like to get mail.

Maurice Abenchuchan

Bus drivers are our friends. They take us many places.

Dean Maiden

Grocers sell us food. They have many good things to eat in their stores.

John DuQuin

Dentists check our teeth. Sometimes they fix them.

Kenny Lokey

Nurses help the doctors. They give us shots and medicine. They take care of us when we are sick.

Mark Aguirre

The Farm

We made a farm mural. Eddie and Melvyn made the barn and silo. Mark made the farm house. Laurie made the garden. Linda and Jeff made the farm animals. Deri Lynn and Jo Ellen made the fence. We put the mural on our bulletin board.

Deri Lynn Gough Melvyn Charles

Jo Ellen Ridley Mark Howden

Jeff Ahr Laurie Griggs

Eddie Knight Linda Lepisto

Our Garden

We have a garden outside our room. We planted radishes, carrots and sweet peas.

We planted some nasturtiums in little pots. We have them in our room.

We water the garden and pots every day. We will watch the plants grow.

John Roberts Toni Mascarenas

CSDR Students Win Awards at National Date Festival in Indio

Again this year our boys and girls in the vocational department came through with flying colors in the annual competition at the National Date Festival and Riverside County Fair at Indio. The competition at this fair includes projects made in all of the public school industrial arts shops at both the high school and junior high school levels from Riverside County. Both students and teachers are to be highly commended for the excellent showing in this highly competitive exhibit.

In addition to the regular awards mentioned above it should be noted that Scott Vermilya received a Trophy Award, which is the highest award possible at the Indio Fair, for his outstanding woodburning of a pair of fish. Mr. Kowalewski and Scott are to be congratulated concerning this project since it was also selected to go to Sacramento during the first week in May for competition in the California Industrial Arts Exposition.

Two other students had projects selected to go to the California Industrial Arts Exposition. A ceramic head of John F. Kennedy made by Joan Popovich and a carving

of a large black cat by Rudy Anderson were chosen.

Special recognition should go to Rudy Anderson and to his teacher, William Peters. Rudy's black carved cat was seen at the fair by representatives of a nationally prominent ceramic producing company and requested by them for production. This company produces only high quality ceramic art work used for high style decor and their products are produced only upon order. Arrangements have been made with this company for Rudy's ceramic cat to go into production for early summer sale. Rudy will receive a royalty on each item sold and starting this summer will receive a monthly check for his share of the sales. Since the sale of this original item, Rudy, under the supervision of Mr. Peters, has designed an ashtray to match the cat model and this has also been accepted for production. Due to the fact that this project has gone into commercial production, it will not be entered in the Sacramento Industrial Arts Exposition. Congratulations to Rudy both for the honor and for the financial return that he will receive from this fine work.

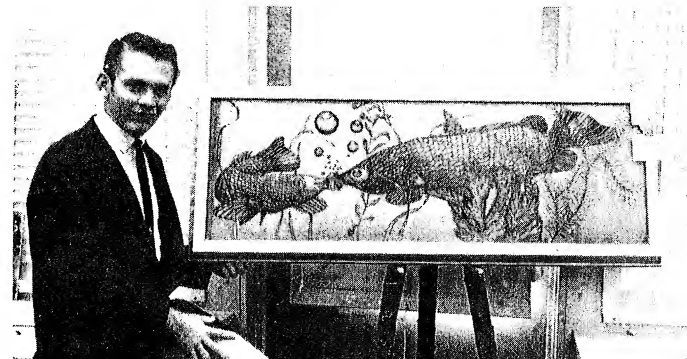

Last Minute News !!

Word has just been received that Joanne Popovich and Scotty Vermilya have received Superior Awards for their entries in the Industrial Arts Exposition in Sacramento. Each entry will be awarded \$50 in cash as well as a ribbon. Our congratulations go to both students and their teacher, Mr. Kowalewski.

These awards are even more meaningful in that they were two out of a possible four in their division at the exhibition.

Elementary School News

About Drag Racing

One Sunday my uncle, my cousin, and I went to the Riverside Raceway. It is in Sunnymead near Riverside. I saw many dragsters. One dragster went very fast. It went about 217.98 m.p.h. I saw a plane flying round and round. I used binoculars to see the dragsters. I bought a package of decals. It cost 50¢. We had a wonderful time.

Wally Witczak

Sky Watching

One night I saw something green in the sky. I wondered what it was. The next morning I read about it in the newspaper. It had something to do with weather.

Robert Johansmeyer

A Pupil Returns

Rosie Attwell is back at CSDR again and we are happy to have her. She left CSDR last December because her family moved to Hawaii. She attended the Diamond Head School for the Deaf in Hawaii for a while. Then her family came back to California and Rosie came back to Class I. We are very happy that Rosie moved back to California.

Class I

San Diego

I live in San Diego. I live near the shipyards. I have seen aircraft carriers, submarines, destroyers and battleships. I like the ships. They go out on the ocean. Many sailors live in San Diego. My father said, "A battleship has 2,000 men on it."

San Diego has a large zoo. My family has visited the zoo. There are many different animals and beautiful birds. Once I fed an elephant peanuts. He took the peanuts

with his trunk. San Diego is a beautiful city. I enjoy living in San Diego.

Walter Gavin

My Father's Work

My father works at a missile base near Long Beach. Last summer he worked at the old Atlantic Research Corporation. Then he moved into the new Atlantic Research Corporation.

My father brought many pictures home and I brought them to school to show my class. Mrs. Bradshaw put them on the bulletin board for everyone to see. Everyone liked them. The pictures showed capsules, the inside of capsules, tall rockets with steps going up beside them, and a rocket zooming into the air with smoke coming out.

Sally Tucker

Baseball Practice Begins

Some boys practice for baseball now. They practice throwing, batting, pitching, and running.

They must learn to throw far and to catch the ball.

In batting practice, the boys learn to hit the ball. The boys learn to hit hard and far.

The boys who practice for pitching must work hard and throw the ball over the base. It must not be too high or too low.

All must practice running. All must learn to run fast for a long way.

If all the boys work hard, there can be some good teams this year. If there are good teams, there will be good baseball games.

David Gomez

Watching TV

I watched "Jack and the Beanstalk" on television. I knew that story so I enjoyed the program.

Janet Ann Mertz

Junior Palms

Tattletale

Ask Kathie G. if the poppy she likes is a flower!

Rodney McB. has finally learned to wear his glasses all the time—the better to see Shirley with.

Be sure and tell Debby Brown your first name. She “collects” first names.

We hope Bill Stohr doesn't meet a burglar—not with all that new jewelry from D.B.

If Joan P. can't see and runs into you—don't get mad at her! Eye make-up is heavy!

Was that C.V. in the stunning blue satin and heels at the Winter Hop?

Are commoners (like H.U.) allowed to go steady with Kings? (Maybe special commoners!)

Want to know how to make taffy? (Rock taffy, that is.) Ask Class E and Mr. Davidson.

A Positively Marvelous Party

Last Saturday night, February 25, there was a dance in the Social Hall for all the 2nd and 3rd year students in Junior High School. We usually have a Valentine Dance, but wouldn't it have been funny to have it at the end of February, so we had a Winter Hop instead.

The girls and boys came to the Social Hall at about 7:30. Each of us was given a piece of paper with a number on it. We were told to save them. Our first dance was the round mixer. At 7:45 we stopped dancing and had the crowning of our king and queen who were Brooks Harryman and Vickilynn Manchester. Then we continued dancing the waltz and cha-cha and we also had some free dances. During the free dance, we could dance any step we wanted. We also had a game called the balloon cha-

cha. It was a lot of fun dancing the cha-cha with a balloon between your and your partner's foreheads. If you dropped the balloon you were out. There were several winners.

Then we had an intermission. During that period, we had refreshments consisting of marble cake, chocolate ice cream and Hawaiian punch. They were delicious. After that we had a drawing for door prizes. There were four winners. We danced and danced, and at about 9:40, we had a “dreamy” dance which we danced to the music of “Good Night, Sweetheart.”

Hedy Udkovich

The Outdoor Party

On Thursday, May 18, all the Jr. High School students and teachers went out on the football field. That day was the day for our annual outdoor party, which we have every year in May.

We played games and had relays. After that we went to the boy scout picnic area for a picnic supper. We had hamburgers, french fries, pickles, tomatoes, cherry turn overs, and punch. The food was delicious!

When the supper period was over, Mr. Dicker, one of the Jr. High School teachers, gave prizes to the team that showed the best sportsmanship, the team that made the best poster, and to the team that won the most points in the games and relays.

The Jr. High School students were very appreciative to the people who planned this outdoor party.

Gale Doling

Science Experiment

On the facing page is a reproduction of the experiment work sheet used with the younger science classes in Junior High School.

A science experiment done with classes A, B and C.

What we want to know (Problem):

We want to know what will happen when we put celery in colored water.

What I think will happen (Hypothesis):

I think the celery will become red and blue.

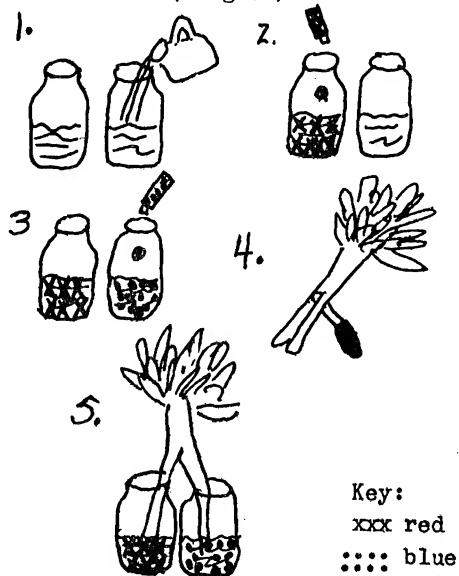

Things we need (Materials):

- | | | |
|-------------------|------------------------|----------|
| 1. two jars | 3. blue food color | 5. water |
| 2. red food color | 4. one stalk of celery | 6. knife |

What we will do or did (Procedure):

1. We poured some water into the jars.
2. We put some red food color into the water in one jar.
3. We put some blue food color into the water in the other jar.
4. We slit the stalk of celery with a knife.
5. We put one end of the celery in the red water and the other end in the blue water.

Picture (Diagram):

What happened (Results):

Half of the stalk of celery became blue and the other half of the stalk of celery became red.

What I learned (Conclusion).

I learned that the stem carries water up to the leaves.

Diagram by Maureen Manchester

Leisure Time Events

Printing Types, Inks, and All That Stuff!

Mr. Baldwin and Mr. Lindholm took the high school students of their offset and letterpress classes on a field trip to the Riverside City College printing classes on March 27.

The group, being large, was divided into four smaller groups, led by those who knew about the R.C.C. print shop and interpreters.

Both the undersigned were in the group led by Mr. Charles Walker, RCC printing instructor. He showed us the linotype department, the Ludlow, the Miehle, the offset, the camera, and other departments.

Mr. Walker, in his talk to the group before the tour, explained the prospects of printing in the future, and the importance thereof.

Three of our former pupils were in this RCC printing department: Harvey Bradley, Mike Mahoney and Tom Spears.

We had a nice sight-seeing time.

Janet Smith and
Carolyn Stem, Reporters

Type Lice Club Meeting

The meeting of the Type Lice Club was called to order by Tom Green on March 7, at 7:10 p.m. in Mr. Lindholm's print shop.

President Tom Green will order the Type Lice pins and we will pay for them.

We watched a movie showing how a newspaper is printed. The topic was a baby elephant coming to live in a city zoo. It showed how a reporter took pictures and wrote the story; how the copy was set on a linotype; how the press printed the story; and how the newspaper was delivered to homes.

The meeting adjourned at 7:45 p.m.

Janet Smith

G.R.C. News

G.R.C. held its election of new officers for 1967-68 on April 19. They are: president—Barbara Torres; vice-president—Charlene Biesener; secretary—Laura Escobar; treasurer—Dianne Elkins; volleyball manager—Maureen Manchester; basketball manager—Marlinda Vogel; softball manager—Sandra Walker; and track manager—Heidi Zimmer. Congratulations to our new officers!!!

On May 13, 1967, the girls in G.R.C. will participate in the Riverside City Recreation

Girls' Track Meet. The track meet will be held at our school.

Hedy Udkovich
Secretary of G.R.C.

G.A.A.

An election of officers and managers for 1967-1968 G.A.A. was held at a recent meeting. The results were as follows:

President—Ellen Thielman; Vice President—Linda Parker; Secretary—Carolyn Stem; Treasurer—Beverly Goldsberry.

The managers are: Gene Fischer, volleyball; Kathy Carlsen, softball; Janice Dienst, basketball; Barbara Carr, swimming; and Melinda Moore, track.

A committee, headed by Edith Reed, will decorate the dining room for the athletic banquet this May. The members of that committee are Patty Burrell, Rebecca Cahhal, Carol Cook, Carol Delikta, Karen DuQuin, Shara Eberhardt, Kathy Kutscher, Linda Parker, and Lynne Voegel.

Dramatic Club

The Dramatic Club presented its spring program on May 5 at 3:00 in the Social Hall. It consisted of humorous skits created by the members. The theme of the program was "Academy Awards." David McKee acted as the master of ceremonies--Bob Hopeless. The skits included modern versions of fairy tales, a science-fiction skit, a satire on current events, commercials, and others. The skits were followed by the presentation of the "Casper" awards. Students who deserve special credit for their work in planning and coordinating the program are Janet Smith, president; David McKee, vice president; and Carol Stem, secretary.

Girl Scout Troop 337

The annual overnight trip to Camp Lawler was enjoyed by the girls. Hiking, eating, and playing filled so many hours there was little time for sleeping.

All the girls were pleased when they were able to surprise Miss Guetter with a birthday party. Planning and giving the party was part of their badge program.

Karen Wukadinovich and her 4-H Club gave a demonstration to Troop 337 and the Boy Scout Troop 218.

Sports Events

Baseball

The 1967 baseball season got off to a poor start at CSDR as two of the first four games were rained out and had to be rescheduled for a later time. In play the team looks better than it has in many years. So far the school record is 1-1 with a loss to powerful Notre Dame and a win over Twin Pines. Eddie Ewald has turned in two fine pitching jobs and the team is hitting and fielding much better this year. However, fielding weakness is still Coach Lanzi's greatest problem and the team's standing in the league will depend largely on the fielding ability of the Cubs.

Track

CSDR for the seventh year in a row has won the Arrowhead League Varsity Championship. Although the track season this year was shortened because of poor weather, CSDR did win two meets in addition to winning the league meet. Against Aquinas and Sherman Institute the Cubs won easily: CSDR—71, Sherman—28, Aquinas—10 and in a dual meet with Webb the score was CSDR—72, Webb—39.

The standings of teams in the league meet are as follows:

Varsity			
CSDR	55	Twin Pines	17
Webb	41	Big Bear	9
Notre Dame	38	Aquinas	4
Boys Republic	20		

"B"

Boys' Republic	51½	Big Bear	7
CSDR	47	Aquinas	4
Webb	27½	Notre Dame	2
Twin Pines	17		

"C"

Aquinas	42	Boys Republic	14
CSDR	25	Notre Dame	13
Twin Pines	22	Webb	7
Big Bear	19		

New league records were set by Danny Cisneros in the two mile at 10:51.7 and Gregg Wilson in the 120 high hurdles at 15.2 which ties the national deaf record. The following boys took first places in the league meet: 2

mile—Danny Cisneros (10:51.7); 120 HH—Gregg Wilson (15.2); 180 LH—Gregg Wilson, (20.9); 880 Relay—Gregg Wilson, John Wilson Mike Barber, Fernando Zaldivar (1:35.0); 660 Relay—Bill Gipple, Mike Rojas, Gorman Low, Scott Kramer (1:14.3); C-Team: 100—Ambrose Purifoy (10.7); C-660—Fred Gravatt (1:34.8); C-180—Ambrose Purifoy (19.4).

CSDR's varsity records and the best times for 1967 are:

Event	Record	Name	Year
120-HH	15.2	B. Ramborger	1962
100	10.1	Moore	1966
Mile	4:28.4	Ralph Gibbins	1966
880	2:00.3	Mahoney	1966
440	51.1	Mahoney	1966
180-LH	19.9	B. Ramborger	1962
220	22.1	Moore	1966
2-mile	10:55.4	Ralph Gibbins	1966
SP	48-3	Moore	1965
HJ	5'-11¾	Parker	1966
LJ	22-5	B. Ramborger	1962
PV	11-6	Strange	1965
880-Relay	1:33.8	Parker	1966

1967 Track Season

Event	Record	Name	Date
120-HH	15.2	G. Wilson	4/29*
100	10.1	M. Barber	4/29*
440	55.2	J. Wilson	4/29
180-LH	20.9	G. Wilson	4/29
220	22.7	M. Barber	3/30
2-mile	10:51.7	D. Cisneros	4/29*
SP	43-8	G. Wilson	3/30
HJ	5-8	T. Green	4/29
LJ	19-11 7/8	M. Barber	4/29
PV	7-6	S. Vermilya	4/29
880-relay	1:35.0		

* Record

New school records in the "B" and "C" classes were set by B. Gipple: B-100 (10.3); A. Purifoy—C—100 (10.7); F. Gravatt—C—660 1:34.8); A. Purifoy—C—180 (19.4); C—440 Relay—A. Purifoy, R. Cruz, S. Turner, F. Gravatt (49.6).

1967 was a most successful year for CSDR'S track team. All of the team members and the coach are to be congratulated.

Pachappa III

Pachappa III has a new aquarium and two goldfish. All the girls enjoy watching the fish eat and swim. Soon a contest will be held to find names for the new pets.

Nidia Carrillo,
Beverly Charles

Paula Collette, Dawn Dashner, Deri-Lyn Gough, Cheryl Millwee, Karen Peterson, Nanette Schelly, Kathy Sugiyama, Debbie Williams and Sheri Wright went to see "Jack and the Beanstalk" when it was performed by the Riverside Children's Theatre.

Pachappa II

Mike Rodgers and some of his friends from Whittier went to Knott's Berry Farm to celebrate his birthday.

Byron Cagle went to Newport Beach to stay with his grandfather during spring vacation.

Jeff Wyatt went fishing with his father, mother and sister. We are sad to report they didn't catch any fish!

Ricky Naperalala and his brother received an aquarium from their father. The boys feed their six fish every day.

Mike Rodgers had a birthday on February 22 and now he is eight years old. Pepe Hernandez was also eight on April 6. Earl Smith was seven years old in May.

Pachappa I

One weekend David Smith and his family went to the Orange Show. He said they had a lot of fun.

Billy Burdick rode on the tram in Palm Springs. He brought back pictures to show how beautiful the snow was.

Larry Adams went with his father and

brother to the mountains near Chantry Flats. They had fun playing in the snow.

One weekend Mark Aguirre visited Marineland. Maurice Abenchuchan visited Robert Irvin one weekend and he went to the home of Dean Maiden on another weekend.

Rubidoux III

The girls are busily decorating the bulletin boards in their rooms with flower and bird life. Donna Swanson brought a very unusual bird nest that her father had found. Kathy Dominique's contribution was a colorful peacock feather.

Feather bird cages hang from the living room lights and clusters of grapes in many hues are on the tables. They were made by the girls in our hobby program.

Beth Villanueva visited in the home of Susan Crouch in San Diego one weekend and Kathy Taylor and Cherri Allen exchanged visits in each other's home recently.

Rubidoux II

Cathy Bartlett won a red ribbon as second prize when she flew her beautiful blue kite in the Fullerton Recreation Department competition.

Lisa Assolin and Eileen Smith went to the Orange Show in March with their teachers. Rosie Attwell camped overnight in the mountain with the Girl Scouts.

Donna Condit, Merle Levey, and Janette Epstein helped Cathy Fischer celebrate her birthday at her home one weekend. Donna Pratt spent a weekend with Paula Sottak. Pat Foreman has a new baby sister, Elina.

Rubidoux I

Many boys are busy working on projects in the Hobby Room. Ricardo Castelum, David Gomez, Mike Farnady, Bobby Forsyth, Carl Haguewood, John Foronda, Mike Selby, and Kevin Watkins are making bookends. Jeff Gibbons, Dale Coons, Duane Jack-

son, and Gary Trent have made treasure boxes. The boys spend many hours sanding and painting the things they make. If you see a red kite flying, that was also made in Rubidoux I. We had the launching and ribbon cutting ceremony Tuesday afternoon April 25, 1967.

Lassen I

Lassen I boys are enthused about their ping-pong tournament begun last week. Eddie Dudley and Chris Clements present excellent competition.

The boys who won first place for best room last month were Rodney McBrearty, Chris Clements, Ricky Cringle, Mark Sultan and Don High. These boys went out for pizza one evening, and for dessert had pie and ice cream. They took some pie to a friend who was at home sick.

Steve Anderson brought us his ant farm so we can see how busy ants are.

Lassen II

Glen Palmer received good news from home. His dog recently gave birth to seven puppies.

Birthdays were celebrated this month for three Lassen II boys with cake and punch for refreshments. Birthday greetings to Steve Hetman, Forest Mason and Mike McCalister.

The boys in Lassen II attended the track meet in Claremont recently. They enjoyed this very much as it was the Arrowhead League finals.

Shasta IV

Debra Brown has moved into a beautiful new home. It is a two story house with large carpeted bathrooms. Don't get lost, Debra.

During spring vacation, Shirley Adame and her sisters flew to Hawaii. They stayed in one of the large hotels. Shirley had a wonderful time and hopes to go again when she can stay longer.

We are looking forward to our dormitory

party. We are planning games and swimming, and then all the watermelon that we can eat.

Shasta III

Hazel Mosley had a very happy weekend recently at a family reunion. Her sister and her family came to see them, and she had a wonderful time getting acquainted with her little nieces and nephews. She had not seen them for three years.

Joanne Taylor and her family are very proud to welcome a little baby brother. They have named him Darrin, and Joanne reports that he is growing so fast, he will be grown up before she knows it.

Daisy Slagle had a "fun" weekend recently when she invited Irma Gonzalez, Judy Blair, Janice Garey, Charleen Biessner, and Vickie Manchester to her home. They slept in a trailer and cooked their own supper. They went for some hikes, enjoyed some visiting, and also made a trip to Disneyland.

Shasta II

On March 12, our dormitory livingroom was the setting for a joyful St. Patrick's Day party. Each girl invited her date to come and enjoy this event. Games were under the capable direction of Alana Numm, and prizes were won by Cecilia Rodriguez and Christine Cisler. Refreshments consisted of sandwiches, potato chips, finger salad, apples and punch.

Carol Cook is very happy that her parents decided to move to Riverside this year. She became a day student in February and thoroughly enjoys going home each evening to be with her family and pets.

Shasta I

Shasta I was a bee-hive of activity during the S.B.G. elections. We were very proud that several girls from our dormitory were elected to office. Kathy Carlsen was elected the new president; Arlene Marsh, girls director; Mary Ann Rose, treasurer, and Beverly Greer, girls' social chairman.

Palomar III

We have a new student from Texas. His name is Randy Stitcher. He attended the Texas School for the Deaf at Austin, Texas, before coming to Riverside.

Several of Palomar III visited Disneyland during spring vacation as guests of Ken Watson. Jim Barela, John Tracey and Ken enjoyed it very much.

Palomar I

Jeff Lenham has been hobbling around on crutches for three weeks. He broke his ankle during one of the two counselor-senior basketball games. Steve Scolaro was high point man for the seniors.

There has been much excitement in Palomar I over the college entrance examina-

tions. All of the juniors were enthusiastic in their "Good Luck" wishes for the seniors.

Ronald Kachachian, John Reynolds and Danny Cisneros were treated to a visit to the Orange Show recently. They all enjoyed the fair very much.

Palomar II

Kenny Hoover has moved to our dorm from Palomar III. He is very interested in a trip his father is planning. He will go to San Francisco, Modesto and other cities in northern California.

Kenny is as disappointed as the other boys because so much rain has cancelled many of our baseball games. He is afraid that CSDR will not have enough open game dates to make up a full season.

Driver Training and Education

Since the advent of the new law concerning a person under the age of 18 not being able to obtain a California Driver's License unless he has completed both Driver Education and Driver Training, many students have indicated that they must have such training immediately. The following information is being herein presented so that all parents of students at the California School for the Deaf, Riverside, will be aware of our procedure and thus find it not necessary to write concerning their child and the possibility of obtaining driver education and training for them.

A chronological age list of all students in the high school is maintained by the Vocational Supervising Teacher as a master list for assignment to both Driver Education and to Driver Training. Classes in these two subjects are begun in September, December and March of each school year and continue for a period of 12 weeks. Students are assigned to the various classes on the basis of their age and availability from other classes at the times driver classes are taught. By this method the older students who are available are placed in the classes and each time a new class is formed assignment goes back to the beginning of the list to again offer the program to the oldest students available. This is the fair means we have of making driver class assignments. With this method of assignment it is impossible to grant special requests for students to be placed in either driver education or driver training.

As a final word or summary, it is emphasised that all students will be assigned to both driver education and driver training as their turn comes up by age and their class time availability and that special requests to place a student in driver education or training ahead of scheduled turn cannot be granted.
